New York Stock Market

New York, March 10.—Pronounced weakness again developed in the stock market to-day, and new low levels were reached by many important issues. Development of the day served to emphasize the direct effect on this market of strained financial conditions market of strained maneral conditions abroad. From Berlin it was reported that as high as 10 per cent was being bid for loans over the end of the month. Liquidation by Berlin was an unsettling factor. It was estimated that Berlin disposed of nearly 10,000 shares of Canadian Pacific here. Londer also sold stocks here on a fairly don also sold stocks here on a fairly

large scale.

Prices of Americans were depressed Prices of Americans were depressed sharply in London before the opening here, and this market followed the lead thus given, with especial weakness in Canadian Pacific and Union Pacific. Canadian Pacific slumped 7 3-8; Union Pacific, 3 1-4; Steel, 1 5-8, and Reading, 1 3-4.

The local money market reflected the effect of the loss of gold, with the probability of further large exprots this week. Both time and call funds were firmer. Foreign exchange held

strong.

Wall Street received cheering news
Sutzer's decision to Wall Street received cheering news to-day in Governor Sulzer's decision to abandon the bill for doubling the stock transfer tax, but the announcement had little or no effect on prices. The only other development of the day in which the sereet was particularly interested was publication of the United States Steel figures, showing a falling off in unfilled tomage for February of 170,000 tons. Considering the fact that February contained three days fewer Pebruary contained three days fewer than January, the statement was not regarded as a disappointing one. Bonds were weak, with losses run-

ning from 1 to 2 points in some cases Total sales, par value, \$2,050,000 United States 4s coupon declined 1-

United States 4s compared to call.

New York, March 10.—Money on call strong, 3@3½ per cent; lowest, 3; ruling rate, 4½; closing bid, 3½; offered at 4. Time loans strong; sixty and ninety days, 5w5½ per cent; six months, 5@5½. Prime mercantile paper, 5½ per cent. Sterling exchange strong, with actual business in bankers' bills at \$4.8750 for demind. Commercial bills, \$4.8

New Orleans. March 19.—Considerable pressure was put on the cotton market to-day, especially in the morning session, and prices were sent to new low levels for this downward movement, the July option touching 11.98 and May going under the 12c, mark for the first time. Sellers of last week were heavy buyers of covers to realize brofits, and this buying was a constant support to the market, checking the decline in the face of strong bearish sentiment and causing reactions, and even a small net advance at one time. The opening was steady at decline of 304 points. In the early trading prices were put 467 points under the close of Saturday. This was the low level of the day. Toward noon there was a gradual rise until the most active months were 258 points over Saturday's final quotations. The market closed stendy.

closed steady.

The news of the day was chiefly in regard to the new crop, and bears considered that it favored them Considerable rain fell in the belt over Sunday, which, it was claimed, would soften the soil for plowing. The forecast for fair weather for the Western half of the belt and rainy weather for the Eastern half formed the basis of fresh short selling. Spot cotton steady at the decline, isc. off; middling, 12%c.; sales on the spot for middling, 12%c.; sales on the spot cotton steady at the decline, isc. off; middling, 12%c.; sales on the spot cotton futures closed; March, 12.13; April, 1295; May, 12.04; July, 12.02; August 11.09; September, 11.52; October, 11.42; December, 11.43.

CHICAGO GRAIN MARKET.

CHICAGO GRAIN MARKET.

Chicago, Ill., March 10.—Wheat prices hardened to-day owing to a decline in British consols and because of weakness on the Vienna Bourso. The Washington crop report which proved to less hearish than extermists had expected, came too late to affect the market. The outcome in corn varied from a shade off to a like advance, and for oats unchanged to 1-16c, up. Provisions finished all the way from Saturday night's level to 9c, down.

The leading futures ranged as follows:

WHEAT—

91.66; No. 2 hard, 2014 \$2004c.; No. 1 northern. 901-2031c.; No. 2 northern, SSMSD4c.; No. 2 spring, SSMSD4c. Corn-No. 2, 51c.; No. 2 yellow, 511-4651-2c. Oats-No. 2 white, 343-4655c.; standard, 349-344c.

| Special to The Times-Dispatch. | that will be used at the trial of the case brought by Mary A. Fitzpatrick,

This refers particularly to Canadian former secretary to Mrs. Adelaide Pacific, Atchison, Baltimore and Ohio, Yerkes, wife of the late Charles T. Union Pacific, Reading and Norfolk and Yerkes, the traction capitalist, was filed to-day in the Supreme Court.

Miss Fitzpatrick is suing the executhat she says Mrs. Yerkes promised her for her services. The executors have refused to pay the sum. They filed to-day the testimony of William T. Block, formerly a neighbor of the Yerkes family in the Michigan Avenue.

The stock market has an unhealthy

ome, Chicago.
Block said that Mrs. Yerkes told him she quarreled with Miss Fitzpatrick on one occasion because she put Mrs. Yerkes's jewels in a safe deposit vault in her name instead of Mrs. Yerkes's name. Later on, Mrs. Yerkes had the name changed. Mrs. Yerkes told him she had discharged Miss Fitzpatrick. and also remarked that she thought Miss Fitzpatrick had caused her to lose considerable money by delaying the settlement of the Yerkes estate.

Frank Nothhelfer testified that Mrs. Yerkes once said that Miss Fitzpatrick had "saved her a million." He said Mrs. Yerkes would "promise anything" after she had taken wine, but when she was less exhilarated she withdrew the promises she had made.

Few Things

Market Subjected to Bombardment of Selling Orders, and Prices Go Down.

BY BROADAN WALL. New York, March 10 .- The quiet ut persistent liquidation that charcterized last week's market was the eature of to-day's trading in Wall treet, prices breaking through the revious low record for the year. The narket is weak, and it is considered ortunate that Berlin was celebrating holiday, rather than adding to our istress by openly selling their fa-

orite stocks. Early prices from London showed harp declines, and although at the pening our market took stocks well, could not stand the persistent pres-ure against Canadian Pacific, Union

Pacific, Steel and Amaignmated.

The money pinch is acutely folt.

Were our troubles merely local, the unnouncement from Albany that Governor Sulzer had abandoned his efforts of increase the transfer tax from \$2 of the sundred might have been constant. to increase the transfer tax from \$2 to \$4 a hundred, might have been considered with favor. As it was, the effect was purely nominal, and the incident was forgotten within the next hour. It is doubtful that even a favorable decision in the Minnesota rate case would have had more than a temporary effect. When the familiar message was received, "no decision," room traders gave up efforts to bring about a rally, and the market was left to the bombardment of selling orders.

The fact that prices have made a new low record for the year is taken

The fact that prices have made a new low record for the year is taken by many market observers as an indication that a further decline will be established before any substantial rally will take place.

While standard issues were sold for

foreign account, there was continual pressure from local houses upon the industrial shares. Scars-Roebuck Texas Company, Underwood, the Rub-ber Issues, Pump preferred, National Lead and North American, dropped smartly fon small dealings, Sugar, American Wool and American Sugar American Wool and American Sugar declined on the near approach of tariff revision, while the rumored activity of the new Attorney-General was suffi-cient to account for the narrowness and weakness in American Tobacco. The hollowness of the general market is shown by the eight-point drop in Central Railroad of New

The placing of Bethlehem Steel pre The placing of Bethlehem Steel preferred on the dividend list with a declaration of 1 3-4 per cent, carried the stock to 69, but this advance was not maintained, and the price closed with a net gain of 1 point. The Canadian Pacific drop was to 21s 1-2, closing at a net loss of nearly 6 points. Selling came not only direct from Berlin, but liquidation was noticed from London and Canada, where the shares have long been a favorite. The fear that the syndicate formed to underwrite Union Pacific holdings of Southern Pacific would have to be abandoned, brought heavy selling of Union Pacific for foreign account,

The pressure on Steel common was particularly discouraging. Over 110,-000 shares were traded in and the steek touched the low point established in 1912, 581-4. The Rock Island issues again attracted attention with the common stock under 20 and the preferred shares selling about 35. These prices suggest that some form of reorganization will soon have to

in Berlin. Berlin bankers were reported as bidding as high as 9 per cent for But Mrs. Yerkes Not So Liberal short term money. There is no doubt in the minds of international bankers that Germany is facing an industrial reaction, and this is taken to New York, March 19 .- Testimony market where international issues ca-Western. The market for these stocks has been so poor in London that many orders are placed direct, and do not appear in the usual arbitrage chan-

T. Block, formerly a neighbor of the Yerkes family in the Michigan Avenue home, Chicago.

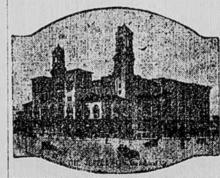

Please of the Michigan Avenue probability, have to run considerably further in the industrials. The mar-ket for the newer issues of these stocks is so thin that many of the standard issues are being forced upon the market in the efforts of embarrassed holders to obtain funds.
